

Re: Rapid Response Service **Project in Windsor**

Aug 28, 2017 brought another heavy rain fall to the city of Windsor, about a year after they experienced similar event in fall of 2016.

This event appears to be similar in size and is still in the research and development stage.

The City of Windsor has accepted CAM's offer of Assistance and is giving out our help line number to residents who would like assistance.

If you feel you could give some of your time to this project **please contact**

Harold Wideman at **519-292-6040**

Please give the dates and times you would be available and you will be contacted based on the current needs at the time.
