## Cozy comforters

Families living in cold climates and refugee camps appreciate the thick comforters to keep them warm during winter nights. A comforter can also be a soft mat for people living in warm climates who don't have a bed to sleep on.

You can bless a needy family by making a light-weight or heavy comforter in any size. Your finished comforter can be dropped off at any CAM location across Canada.

### Special instructions:

1. CAM does not publish a preferred size – all sizes are appreciated and used. However, it is important to note that there is a wider range of usability options if the size is "double bed" dimensions or greater.
2. Fabric for comforter tops should be of good quality, but does not need to be new.
3. Fabric for comforter backs (lining) should be of good quality, but does not need to be new.

Dear Supporter,

Christian Aid Ministries Canada is grateful for the kindness that our supporters express through the ministry of providing kits to impoverished people abroad. As the packages are accumulated from generous communities across Canada and shipped to foreign destinations, many people will experience the blessing of humanitarian aid and the knowledge that God’s people care about them.

### An assembled kit is a project that is only completed halfway!

CAM Canada is responsible to cover shipping costs of containers to their destination. Freight is expensive and continues to rise exponentially! In an effort to avoid using donations from other CAM supporters to cover freight for your items, we respectfully request that you would also consider the cost of shipping as you establish your budget. We ask that a “shipping cost donation” would accompany your completed project when it is delivered to CAM’s Drop-Off Centre or Community Centre. *See details below for estimated shipping costs.*

#### Estimated Shipping Costs

Suggested Donation

- \$2.50 / completed kit
- \$0.35 / lb. of donated items such as clothing or blankets

\*Completed projects and the accompanying shipping cost donation can be dropped off at any one of CAM Canada’s Drop Off Depots. Please communicate with the Contact Person to notify him of your contribution and establish a delivery time. For more information on the Drop Off Depot in your region, please call your local depot.
