YOU CAN DO

Thank you

for your interest in sending kits to impoverished people around the world!

BEFORE YOU START:

A few things to consider when assembling your kits.

Use quality, new items. Things that last help meet needs over a longer period of time. It costs just as much to ship poor quality items as it does to ship new items.

Include only items specifically listed. We face strict legal requirements in some of the countries where we ship kits. If officials discover the kits contain more than the items listed, the kits could be confiscated or an entire sea container rejected.

Avoid fabric and items that leave a negative Christian witness. We prefer to stay on the safe side. Avoid things like large pictures, occult symbols, sports figures, and TV characters. We reserve the right to reject items made with objectionable materials. Feel free to contact us for a list of these materials.

Funds are needed to ship and distribute the kits you donate. See the back cover for details.

HOW TO SHIP

Put all kits or bundles into a large box or bag.

Label each box/bag with the number of kits/bundles inside.

Drop off your items at any CAM location, or ship them to our warehouse in Moorefield, ON marked *Attn: Shipping Department* (see address on next page).

When needs arise, we reserve the right to send kits to locations other than those listed.

Your gift of a brand new shirt, dress, socks, or other items will bring a smile to a needy child or youth. The gift of new clothes delights little ones and brings relief to impoverished parents. For some children, it may be their only set of new clothes.

Please request a pre-labeled bag from our home office in Moorefield for each pack of clothing you wish to assemble (see page 3 for address and phone number).

Due to tight customs requirements, each list must be strictly followed. To help ensure that we can continue shipping kits in the future, **please include only the items listed.**

Cozy comforters

People in countries that experience cold winters appreciate thick comforters that keep them warm. In countries like Liberia and Nicaragua, a comforter can also make a soft sleeping mat for people who don't have a bed. You can bless a needy family by making a lightweight or heavy comforter in any size.

The Projects Centre

The Projects Centre is more than a building; it is a vision to provide a place with the capacity and resources to accomplish hands-on tasks that directly bless our impoverished friends in the world. We provide an efficient facility where projects can be organized with sufficient space to accommodate large groups, complete with a hospitality area where food and fellowship can be enjoyed together.

The place where communities converge to bless others.

Christian Aid Ministries Canada believes that the greatest asset to outreach ministry is the support base. Each contributor – whether a hands-on volunteer or a financial donor – is a partner with God's people, working together to expand His kingdom. The purpose of the Projects Centre is to provide a unique gathering-place filled with opportunities to serve that meet the interests and ambitions of your community. Indeed, we welcome new ideas to consider as we perpetually seek out new opportunities to bless others in the name of Jesus.

Call our Projects Centre Manager today to discuss opportunities and ideas to provide a life-changing blessing for others. 519.498.3023
